DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 12 and 14-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 12, "said independent electronic components" lack proper antecedent basis.

Claim 14 is dependent from cancelled claim 13.

Claims 15-20 are indefinite since each depends from an indefinite claim.

Allowable Subject Matter

Claims 1 and 3-11 are allowed.

Art Unit: 3636

Claims 14-20 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claim 12 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Amendment/Arguments

Applicant's response filed May 9, 2005 has been fully considered. Remaining issues are described above.

Conclusion

This Office action has not been final since it includes a new grounds of rejection not necessitated by Applicant's amendment.
